

## SPILL PROTECT PALLET CONVERTER

Transforms an ordinary wooden pallet into a safety bunded pallet. A low cost bunding solution for drum storage and handling, it is made of hardwearing polyethylene, which is impervious to most chemicals. Fits a standard euro pallet and comes in either 2 or 4 x 205 litre drum capacity. Unique compressible front enables a pallet to be placed inside.

POLY11060

PRODUCT CODE	DESCRIPTION	SIZE (MM)	SUMP CAP	PRICE
POLY11060	2 x 205ltr drum	1500 x 1100 x 440	270ltrs	£184.00
POLY11061	4 x 205ltr drum	1500 x 1300 x 440	330ltrs	£214.00

## 25 LITRE DRUM SPILL PALLETS

Ideal solution for storing smaller drums where space is limited, these can be used as a holding area or work area for liquid dispensing.

Lightweight and compatible with most liquids, so no corrosion problems.

2 sizes – 1 x 25ltr and 2 x 25 litre containers (or equivalent smaller containers).

PRODUCT CODE	DESCRIPTION	SIZE (MM)	SUMP CAP	PRICE
