

GRP GRATING

GRP grating is ideal for industrial applications and most walkways. Made from tough durable fibreglass, the panels have an extremely hardwearing grit top surface. This offers excellent slip resistance in wet or oily conditions. Ideal for: workstations, platforms, walkways, forklift areas, disabled access ramps and many more applications.

**AVAILABLE IN GREEN, GREY OR YELLOW -
PLEASE STATE COLOUR WHEN ORDERING**

- **SLIP RESISTANT • IMPACT RESISTANT**
- **LIGHTWEIGHT • CORROSION RESISTANT**

Grating ramp is ideal for use where the grating panel is raised slightly above the substrate. The ramp is attached to the grating and allows easy access on to the grating areas.

ZEDLAND INDUSTRIAL ANTI-FATIGUE AND ANTI-STATIC MATTING

A high molecular density foam matting, which induces natural, muscle flexing and thus reduces standing fatigue. This superior quality foam has excellent wear characteristics with long lasting "bounce" properties. Can be used as anti-static with the addition of an ESD fitting kit.

- Excellent fatigue reduction
- ASTM D4060 – minimal wear
- Patented foam construction
- Long lasting, will not deaden

ZED TRED 90 INDUSTRIAL ANTI-FATIGUE MATTING

Heavy duty ribbed surface matting, Zed Tred 90 combines the anti-fatigue properties of ZedLand with a hardwearing flexi tred. This exceptional combination provides a heavy duty, slip resistant ribbed surface that is cushioned to give resilient "bounce" underfoot that will not deaden.

- Excellent fatigue reduction
- ASTM D4060 – minimal wear
- Patented foam construction
- Long lasting, will not deaden
