

GRP GRATING

GRP grating is ideal for industrial applications and most walkways. Made from tough durable fibreglass, the panels have an extremely hardwearing grit top surface. This offers excellent slip resistance in wet or oily conditions. Ideal for: workstations, platforms, walkways, forklift areas, disabled access ramps and many more applications.

**AVAILABLE IN GREEN, GREY OR YELLOW -
PLEASE STATE COLOUR WHEN ORDERING**

- **SLIP RESISTANT • IMPACT RESISTANT**
- **LIGHTWEIGHT • CORROSION RESISTANT**

Grating ramp is ideal for use where the grating panel is raised slightly above the substrate. The ramp is attached to the grating and allows easy access on to the grating areas.

PRODUCT CODE	SIZE (MM)	PRICE
GRP Grating		
GG2125	1985 x 996 x 25mm Thick	£225.00
